

ATTENTION

Dog Bite Notification

To the woman walking two big dogs in Van Dyck Park (Fairfax, VA) on Wednesday May 25, 2016 at 8:30 am and to anyone who was in the park that morning.

I am trying to locate the owner of the dogs because one dog bit me. I did not see the mark initially because it was on my hip and further on my back than what I could see at the time. This is why I did not get any information. When I got home and looked in the mirror, I saw the marks.

I just want to confirm that your dog has been vaccinated for rabies so I don't have to get a rabies series. **Please show some character and come forward.** If your dogs have been vaccinated, **NO LEGAL ACTION WILL BE TAKEN.** I just want to avoid the series of shots and the expense I will incur. **PLEASE COME FORWARD!**

IF YOU WERE IN THE PARK THE MORNING OF MAY 25, 2016 and saw the woman and her dogs, can you please call animal control and give them a description? It would help to verify my description and maybe locate the dogs and the owner.

Animal Description: Possibly Weimaraner dogs or a mix. Off-white with possibly some gray in the fur. Short hair dogs, floppy ears. Waist high.

Owner Description: Brown hair a little below the shoulder (possibly curly), slightly overweight, wearing sunglasses, late 40's or early 50's.

WHAT THE DOGS LOOKED LIKE:

Possibly a weimaraner: This is close to the color:
