A Café Twin Show Popular Success Model TV Show_The Ellen Show (National TV)

Introduction: The Ellen Show is a nationally popular entertainment tv show taped at NBC studios in California with visitor audience at the studio. For overview of Ellen show search the web “Ellen Show on Wikipedia” as I just did, for valuable background information on this show created by the talented talk show host & Producer, Ellen DeGeneres.

There is a vast different of course as Café Twin Show’s primary goal is not entertainment but enrichment via arts and science on a tech hub community level while inspiring Tech Innovators Family Circle (TIFC) type audience. But there are lessons to be learned about “popularity”, human interest and visual & entertainer skills from Ellen DeGeneres

I have provided Utube reference to two Ellen Show episodes that were among the most popular Ellen Shows in past few years for illustration, and discussion purposes to understand the “human interest” elements that makes the Ellen Show so entertaining and popular, some of which can be adopted to our Café Twin Show philosophy and plan.

“Ellen Show” Dance Choreography with well known personality, Obama: 2 Examples of the most popular Ellen Show Episodes on Utube.

01. A Dance Show Daughter & Mom

Three-Year-Old Beyoncé Dancer Is Heaven! (One of the most popular Ellen Shows on Utube)

02. A Science Entertainment Show with Steve Spangler, Science Guy

Steve Spangler on The Ellen Show September 2007

Comment: This show is strong on entertainment but very weak on science. For Café Twin Show this type of topic would not be a “good fit” due to several reasons. But the incredible “human interest” entertainment values & skills are worth noting.
